Council Seek Aid of Premier and Minister

In an attempt to combat the problems of noise and pollution in Altona the Council is to write to both the Minister of Health and the Premier of Victoria to try and enlist their help.

Complaints had been received by the Council and by Members of Parliament from residents near the Altona Petrochemical plant when a new flare stack was making considerable noise and there was a distinct gas odour from the plant.

The management of the factory had stated that the flaring was as a result of a plant start-up. The new flare was installed immediately prior to the plant shut-down, and there had been insufficient time to fully line out the operation of the new flare control system. When this was done the noise level and brightness would be adjusted.

Cr. Les Crofts said at the Council meeting on Monday that they had been lenient with firms in the area, and if the firms were not limiting

the amount of noise and pollution, then steps should be taken.

"People in this area have been long suffering, and I do not think they should be expected to suffer this infringement of their citizenship," he said.

"We all appreciate that the industry has problems, but it would seem many of the problems occur after the Health Officers go off duty."

He did not think the Health Department of Victoria were doing enough to combat the problem, and he moved that

the Council write to both the Minister of Health and Premier of Victoria.

He said the Minister should be told his Department was not coping with the problem, and the Council should ask for a full report from the Clean Air Department asking for their recommendations on what could be done.

They should also write to the Premier and ask him to support the increased allocation of funds to the Clean Air Department.

"When we get replies from the Premier and Minister, we will have a little bit more ammunition with which to attack the pollution problem in Altona," he concluded.

The motion was seconded by Cr. D. K. Grant who earlier in the meeting had proposed that legal proceedings be taken against the company. This resolution, however, had not been adopted.

Licence Granted to R.S.L.

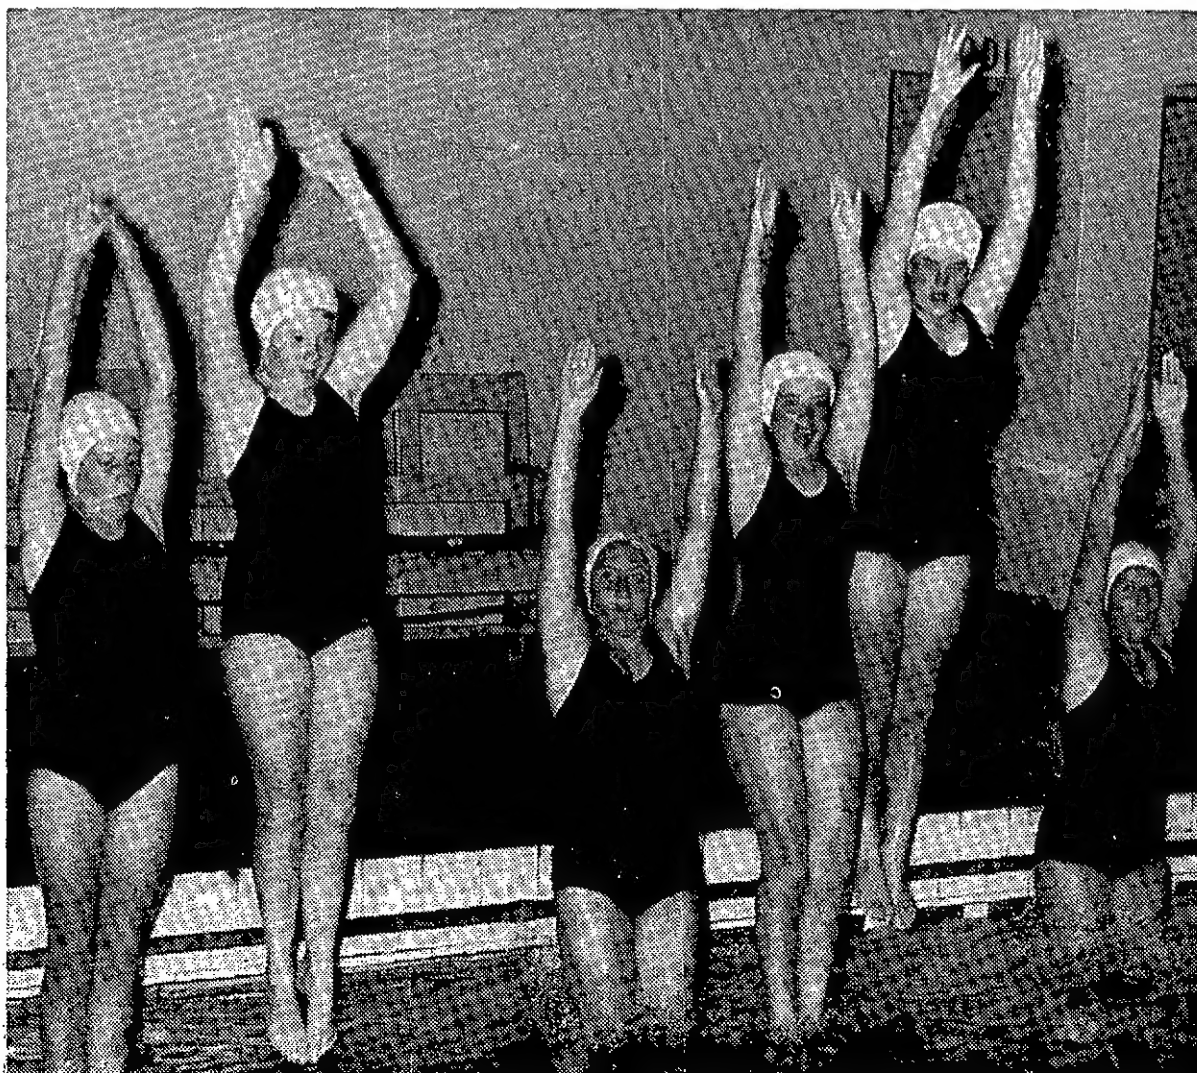

The Altona RSL opened its bar for trading last Friday. The club was formed in 1930 and the first application for licence was made in 1954 but was withdrawn. The next application was made in 1961-62 but was unsuccessful and finally the application was approved on February 20 this year mainly through the untiring efforts of Secretary Bill Draper.

The club has about 150 members, but the numbers are increasing all the time. Two members, Mr. F. Neilson and Mr. G. Hancock Snr. gained the D.C.M. during the First World War. The club is in the unique position of having three life members of the league and one gold badge member of the league.

The photo shows members relaxing in the newly opened bar. Standing: J. Duncan, J. Pugsley, N. Monaghan, W. Draper (sec.), T. Butler, F. Davies (president), T. Marriott. Seated: P. Warr, J. Mills, J. Marshall, M. Alice, K. Sizeland, R. Jackson.

Altona Amateur Synchronised Swimming Club

Entering the water are members of the Pirouette team. They are (left to right): Teresa Klampfl, Sue Antonoff, Kerry Eustace, Shirley McCulloch, Cheryl Rivett, Fiona Roberts.

Synchronised swimming, perhaps the most graceful and spectacular of the aquatic sports, is gaining rapidly in popularity throughout Australia, and in Victoria it is represented by some half dozen clubs spread throughout the metropolitan area.

Here in the Western Suburbs, "Water Ballet" as it is more popularly known, has been pioneered by the up and coming Altona Pirouette Amateur Synchronised Swimming Club, and to date they are the only club operating this side of the Yarra.

In 1969, their first year of existence they succeeded in gaining places in most events in the Victorian State Championships. A pretty good indication of the standards achieved by the club in so short a time.

Coaching is in the expert hands of Mrs. Friedl Spacek, Victorian Senior Synchronised Champion, at the City Baths (heated pool) Swanston St. from 2 p.m. to 3 p.m. every Sunday. Non-swimmers are encouraged to come along also. Normal swimming tuition is provided for beginners before they go onto the more skilful demands of Synchronised Swimming (Reg. Coach Mr. R. Eustace).

For those interested in seeing what the sport is all about, the Altona Club will be holding their Club Championships at the City Baths, Swanston Street, on Sunday, March 1 from 2 p.m. to 5 p.m. Admission Free.

Parents who are interested in enrolling their children as Members can come along to the next club meeting at the home of the Secretary, Mrs.

J. Klampfl, 237 Queen St., Altona (phone. 398 1264) on March 12. The club is on the lookout for girl swimmers (or non swimmers) from eight years upwards. Club fees comprise of \$1.50 membership fee and lesson 25 cents per week.

COUNCIL'S FINANCES IMPROVE

Altona Council's finances are continuing to improve, and there is every prospect that the deficit could soon be completely cleared.

At the Council meeting on Monday, Cr. Les Crofts reported that since the last report a number of adjustments had been made, and the surplus for the year, subject to audit, now stood at \$43,031, as opposed to the original \$32,000.

The accumulated deficit carried forward to the current year is \$9,860.00. On September 30, 1966, the total was \$115,354.00, and there has been a consistent reduction in the years following that date.

The deputy town clerk, Mr. H. R. Trueman, said the result was a very satisfactory one, and provided the same vigilance is maintained during the current year,

STRAY DOGS AND HORSES

During January 15 dogs and 5 horses found wandering in Altona were seized by the Ranger and placed in the detention yard.

Owing to the dog cart being unroadworthy, the number of dogs picked up during the month was much lower than usual.

However, at present a new dog cart is on order and the Council is now waiting for delivery.

there is every prospect that the deficit will be cleaned up completely.

Cr. Crofts said this result reflected great credit on all the officers and workers of the Council. It had only been possible to achieve this result through stringent control over the Council's expenditure.

He said one achievement of the Council in the last few years had been the decision to invest surplus funds throughout the year. All the Council's finances did not arrive at the same time, and through this decision an extra \$8,000 had been raised during 1968-69. "During the current year we expect an increase of \$15,000 will be received from this source," he said.

In 1960 Mr. J. E. Morley, Town Clerk, said that the Council had three main objectives — the abolition of the Newport railway gates, provision for a river crossing and the release of the Rifle Range for housing.

By the end of the year there was a Newport overpass, the river crossing was still at the bridge, tunnel, no fund stage and representations on the rifle range got the usual answer.

WILLIAMSTOWN COUNCIL Council was composed of

five Labor councillors — Crs. Knight, Floyd, Digman, Loft and Benson — and seven non-party — Crs. Ducrow (Mayor), J. T. Gray and W. Gray, A. C. Parker and L. A. Parker, White and Jackson.

At the August election Cr. A. C. Parker was defeated by Mr. F. Lovegrove. L. A. Parker was elected Mayor by unanimous choice. The death of W. Gray while overseas necessitated an election in December. This retained the status quo by the election of non-party candidate, P. Sadler.

A battle of tactics took place in the election by Council of the Board of Works Commissioner, in the person of J. T. Gray. In general, however, council faced up to all issues, presenting a united front when necessary.

Rate was struck at 3/6d. in the £ for the sixth year in succession. Council finished the financial year with a net surplus of £12,000.

It was noted that between them, Cr. J. T. Gray and W. Gray had 60 years service with the Williamstown Council.

NEWPORT OVERPASS, RIVER CROSSING AND RIFLE RANGE

During the year the Town Clerk said council had three main objectives — abolition of Newport railway gates, a river crossing and gaining of the rifle range for housing.

The end of the year saw the first on the way to being realised with the near completion of the overpass.

The river crossing was still at the tunnel or bridge stage. The Government had no available funds and a cost of £7 or \$8 million was spoken of.

The matter was urgent as the ferry was in a decrepit condition. It was said \$20,000 was necessary for its repair. However, this figure was very much reduced.

Several fruitless attempts at high levels concerning the rifle range were made.

Cr. L. Floyd said, "They don't have racecourses in Bourke Street any longer. Lots of other things had to be shifted that were necessary to early Melbourne."

However, the best that could be obtained was a statement, "The Army has a continuous use for it (rifle range) and does not propose to vacate it."

And a contingent promise — "on present indications all the area will still be required, but if any can be released it will be done — only a small portion if at all possible."

At a later stage it was noted that increasing use by the Army was likely.

NET ANNUAL VALUATIONS

N.A.V. increased this year to just over \$1,000,000. However, Mr. A. Knight, M.L.C., was pessimistic. A general revaluation could double or treble this figure, he said.

The Council could reduce rates correspondingly but the Board of Works rates would increase.

LOANS

On the basis of ask for more than you can get, Williamstown made an application of \$186,000 loan rights. In July they were granted permission to raise up to \$85,000. This would entail the largest single loan program undertaken by council.

The Town Clerk said, "Obviously if you raise this loan you will have to go easier in the future. My own opinion is that if we can get it, we should take it as interest rates may go up."

Towards the close of the year £60,000 had already been obtained.

CITY ENGINEER

Mr. Rees was appointed City Engineer.

ANNEXATION

Williamstown made its third attempt at the annexation of part of Altona Shire. In evidence at that time, these figures were given:—

Altona 10,200 acres N.A.V. £993,132, rate 2/2d. in the £; Williamstown 3,377 acres N.A.V. \$964,465, rate 3/6d. in the £.

However, Williamstown councillors said valuations were not comparable and in fact rates were higher in Altona.

TOWN HALL

In July, the statement was made by the City Electrical Engineer that the Town Hall must be heated or closed down. Council decided on an outlay of funds seeking professional advice.

RAIL SERVICE

Williamstown celebrated its 100th anniversary of the Williamstown railway line by the cancellation of Sunday rail services.

The Government blamed the unions but councillors and others did not care how or why — they urged restoration of an essential service.

The Shire of Keilor made the suggestion that the existing goods line be used to provide a passenger service from Broadmeadows through Sunshine to Newport.

More practical and expeditious was the near completion of the Newport rail overpass.

BEACH IMPROVEMENT Councillors were jubilant on two occasions over beach finance.

Early in January they were notified that funds were available for the first time for beach improvement.

Later in the year when a heavy storm caused a collapse of the sea wall it was replaced by the Board of Works at a cost of £10,000, but no charge to the council.

The Apex Club commenced a beach cleaning project which it was hoped would be an inspiration to other organisations.

OIL POLLUTION

As a reversal from current trends the Melbourne Harbour Trust opposed bay pollution from Williamstown sources. They said oil was entering the bay from drains and streams in Williamstown.

However, Mr. N. Hawthorne, the Health Inspector, spoke out in local defence that from his observations over the years, quantities of oil in local drains had been negligible.

NELSON PLACE

A correspondent approved of a movement for renewal of Nelson Place shopping area.

PARKING PROBLEMS

Parking in Ferguson Street and other shopping areas came under consideration.

Angle parking in Ferguson Street was first thought, but later on it was apparent that central street parking was the answer.

TREES IN THE STRAND

Mr. W. H. Mathews, in a letter, was dubious about trees proposed for The Strand. He said nothing should be done to obscure the natural aspects of The Strand. If trees are decided on they should not be gums or flowering gums but tamars in Altona.

But writing from Brisbane Mr. G. L. Shaw said gums would continue to beautify and adorn The Strand.

In 1960 beach conditions, drainage, air pollution, briquette dump, noxious trades, bus-rail services, Pier Street parking, Council finance and Truganina Reserve were problems which still exist.

THE ALTONA COUNCIL

Up to August, 1960, the Council, under Cr. A. W. Langshaw as President, consisted of six A.L.P. councillors and three Progressives. However, before the election it was announced that two Progressives, R. J. Watson and R. Frazer would not be nominated.

At the ensuing election there were seven candidates. Cr. C. McIntyre, the only remaining Progressive, was defeated and three Labor candidates, Crs. J. J. Giffner, S. G. McIntosh and V. L. Hearn were elected.

Thus, for the first time Altona had nine Labor councillors.

Towards the close of the year, with Cr. W. G. Cresser as President, two councillors resigned — A. W. Langshaw and R. Logan. They were replaced by H. W. Lee and W. J. Irwin at an election.

Most of the council's concern was with the growing pains of a rapidly developing shire, but in external relationships the threat of land acquisition by Williamstown and the problems of Truganina Reserve made themselves evident.

Near the close of the financial year a certain stringency on current expenditure became necessary but the rate was left unchanged at 2/2d.

Cr. Cresser was appointed Board of Works Commissioner.

ANNEXATION

Altona Council was strongly opposed to the proposal to annex some 200 acres by Williamstown. On the other hand, Altona withdrew its application to annex portion of the Sunshine City area.

SCHOOL NATURE STRIPS

Not willing to set a precedent, Council refused a request to mow nature strips on east and south sides of Williamstown Technical School.

WILLIAMSTOWN HOSPITAL

Established over 70 years ago the hospital was fulfilling its purpose. Indeed, the need for extensions was becoming evident.

Williamstown Rotary, Williamstown and Spotswood State Schools assisted in the provision of six air conditioning units.

WILLIAMSTOWN LITTLE THEATRE

The Little Theatre continued its success. Four performances a year being its standard program.

WILLIAMSTOWN LIGHT OPERA

Gilbert & Sullivan's "Gondoliers" was the latest presentation of the Williamstown Light Opera. The next event was to be "Miss Hook of Holland."

SWIMMING POOL

It was decided to construct a pool for teaching, testing and training swimmers. Estimated cost — £8,500.

By the end of the year most of the necessary money was in hand. It was hoped the pool would be completed early in 1961.

LIFE-SAVING CLUB

Judging by the enthusiasm at a packed hall at the annual meeting, the Life Savers had a successful year. Mention was made of 497 awards.

However, Council refused permission for Sunday dances in the Life Savers pavilion.

FOOTBALL

Williamstown Football Club were premiers in 1959 but could not repeat their success. They were defeated in 1960 in the preliminary final.

to produce a dye factory (a noxious trade) into the Truganina Reserve caused alarm both to council and citizens.

However, after strong protests were voiced the matter was quietly dropped.

DRAINS AND SWAMPS

Recent heavy flooding caused much trouble to householders. The floods were the heaviest since 1953. Mr. R. C. Simmons, Shire Engineer, indicated the necessity of running a drain through the Truganina area to the sea.

It is understood that a private firm was interested in the reclamation of the area by using filling from a large boat anchorage to be developed in the reserve.

The Board of Works made public its plans for drainage of East and West Altona. One idea was the filling in of the greater part of Lake Seaholme or alternatively a scheme much in line with the present line. A large, very wide drain was suggested for the western sector.

THE BEACH

The broken pilings at the end of the pier were a hazard but applications for their removal brought the answer — no finance.

Early in the year it was recorded that 500 loads of seaweed and rubbish had been removed at a cost of £1,000. An informal visit by the Chairman of the Board, Mr. R. Trickey, was followed by a conference between the Minister of Public Works, Mr. Trickey and Shire councillors and executives. No conclusive results were obtained.

A sand trap designed by Mr. Forrester was placed on the beach near Maidstone Street.

The Life Saving Club was active in patrolling and attending beach injuries and of course in competitive work. They emphasised continual concern at the state of the pier.

AIR POLLUTION

Council refused an application by a wholesale butcher to zone 35 acres of land as a noxious trade area. Various special meetings were held concerning the briquette dump menace.

At one stage the fall-out from the Carbon Black plant was protested against. Carbon Black admitted the fault as a human error and said it would not recur.

BUS AND RAIL SERVICES

Individual councillors constantly advocated a better bus service. The then proprietor just as consistently maintained that he was giving the maximum service possible and at the cheapest rates.

It was announced that improvements would be made to the Paisley rail station. At another stage, a council land acquisition was for railway extension purposes.

YOUTH CLUB

Under its President, Mr. T. McGarry the Altona Youth Club carried out a full program of activities. They met in the R.S.L. Hall.

However, in 1960 a hall was built in Nellie Street (Civic Parade) and another promised in Langshaw Reserve.

PIER STREET PARKING

A second plan for the commercial zone was being prepared. The first had become obsolete by current building activity.

SHOPPING AREAS

A tentative proposal was made for a new subdivision, including a 9½ acre shopping area near Seaholme State School.

Council gave permission for seven shops on the hotel site in Altona North. A shopping

centre was being considered for Harrington Square.

CENTRAL HOTEL

Altona Central Hotel was opened in September. Some councillors were concerned that the name should have been Altona North Hotel.

ELDERLY CITIZENS

The Elderly Citizens Clubrooms in Sargood Street, Altona, was built and opened in December.

WORKING MENS' CLUB

Inaugural meetings of the club and the ladies auxiliary were held. Most concern was over the obtaining of a suitable site.

HOME HELP SERVICE

The Council opened a home help service with Mrs. L. Carruthers as supervisor.

SCHOOLS

It was announced that a new High School would be opened. This later became the Altona North High School.

Contracts for substantial additions to the technical school were let.

Altona Primary was promoted to the rank of a special school.

CHURCHES

The Presbyterian Church and Lutheran Church became additional denominations serving in Altona.

HOSPITAL

The Hospital and Charities Commission announced that it was premature to contemplate building construction on Altona Hospital's site in Blackshaws Road.

SWIMMING POOL

A shark-proof swimming pool to be built alongside the pier was advocated and a committee formed.

GAS

It was announced that the Gas & Fuel Corporation would extend its supply lines to Laverton and Altona.

GIRL GUIDES

Brownies and Girl Guides commenced in Altona.

NEW BANK

The Bank of New South Wales commenced business in Altona.

LAVERTON

It was claimed there was a boom in Laverton building allotments with sales at £800 or more.

BUILDING ACTIVITIES

The Building Inspector stated he needed assistance. He instanced building permits January to August, 1959 as 470, January to August, 1960 as 623. Number of houses under construction was 405.

There was an associated effect. Residents of Altona North asked for a temporary footpath in Millers Road between Blackshaws Road and the Geelong railway crossing.

Another activity was the opening of portion of the Western Park Crematorium. It was stated that it would be one of the most beautiful landscape areas in the southern hemisphere.

LILY AND NELLIE STREETS

Lily Street was renamed Grieve Highway.

Nellie Street had a £25,000 loan applied to its completion. Three objections were disallowed.

INDUSTRY

Geo. Wimpey & Co. were successful tenderers for a £4,000,000 Union Carbide polythene plant.

The Premier's Department advised the Council that its comments concerning the advisability of attracting secondary industry to Altona to employ female and junior labour would be placed under notice of the appropriate officers.

MILLERS ROAD BRIDGE Preliminary work was in progress on Millers Road bridge.

EDITORIAL

Rail Extension

The headline in the "Star": "Through Road or Rail Extension" may have over simplified the position.

Certainly if Grieve Highway ended at the rail line no costly overpass would be necessary. On the other hand, such a termination would be inconvenient to an indefinite number, and certainly would have effect on present and future solutions to Altona's transport problems.

It would be impossible to find the consensus of opinion among those who would be affected, even to the smallest extent by the proposal.

It would be more difficult to estimate the impact on Altona West transport in the next 20 years.

By all means find the views of local residents. That is one vital factor. An objective assessment of the position by the Town Planning and Transport Authority is a second essential.

Both of these elements should be considered. It may be that the thinking of both parties, the people directly concerned and the authorities, will coincide, or at least be reconcilable. In that case a united front must strengthen the case and help to make railway extension a fact.

MARRIED AT ST. MARY'S

—Courtesy of Peter Mendoya Studios, Camberwell, 82-4070

Pictured cutting the cake after their wedding at St. Mary's Church, Altona, on February 13, are Mr. and Mrs. John Ryan.

The bride, formerly Miss Mary McIntyre, is the only child of the late Mr. and Mrs. E. W. McIntyre, of Esplanade, Altona. The groom is the eldest son of Mr. and Mrs. L. Ryan, of Albury.

Given away by her uncle, Mr. Don McIntyre, the bride wore an empire line gown of white Swiss cotton with petals of the same material forming the upper bodice and lower skirt. A narrow belt of pale lemon was worn and this colour was repeated in one layer of the long tulle veil. She carried a bouquet of stephanotis and frangipani.

The matron of honour was Mrs. Ed. Darty and the bridesmaid was Miss Irene Betins. They wore dresses of marigold Thai silk and carried posies of frangipani.

The best man was Mr. Greg Ryan, brother of the groom, and the groomsmen were Mr. John McIntyre, cousin of the bride.

Nuptial Mass was celebrated by the Rev. Fathers Kelleher, Rubec, Dowling and Kiss.

The bride's aunt wore a long cream silk shantung dress with gold accessories and the groom's mother wore a long dress of marine blue silk with silver accessories.

After a reception at the Shirley Park Reception, the couple left for a touring honeymoon interstate.

"BROOKLYN SHOULD BE ANNEXED TO ALTONA"

STATEMENT BY
SUNSHINE COUNCILLOR

Speaking strongly on the traffic hazard at the Geelong-Millers Roads corner Sunshine councillor N. Powell said, when pointing out the incidence of Altona traffic, "I agree that Brooklyn should be annexed to Altona."

Cr. Powell is a councillor for the Sunshine Southern ward which includes Brooklyn.

Traffic lights for this intersection were authorised by the Traffic Commission in September last. So far the Sunshine Council has not yet received the plan for the lights.

In his remarks Cr. Powell said there had been 480 accidents and 14 deaths there. Altona residents will agree with him in his emphasis on the extreme urgency of these lights.

In his reference to Brooklyn he made the point that "three quarters of the traffic on the intersection comes from Altona"

Of course it is solely for the residents of Brooklyn to decide for themselves as to whether they stay with Sunshine or transfer to Altona.

In 1960 the Altona Council did consider making an application to rectify its boundary by the acquisition of Brooklyn. However, they withdrew it at the last minute. Since then they have made no further move.

Some years ago it is believed that an attempt was made to have the matter considered at a meeting of the Brooklyn Labor Party. Nothing appears to have eventuated.

Logically the divisory factor of the Geelong Road would tend to weaken the association of the Brooklyn area with the remainder of Sunshine. A further aspect is being brought about by the Lower Yarra Freeway. The people of Brooklyn and part of Altona will be in a segment bounded on the north by the Geelong Road and on the south by the Freeway.

ST. PAUL'S ENTERS SIXTH YEAR

With the 1970 school year St. Paul's enters its sixth year. This marks the year of the complete school now for the Altona Regional Catholic College. With the added sixth year comes yet one more, large influx of new teachers. Two Marianist Brothers from the U.S., three new lay teachers on the distaff side and one man lay teacher make up the latest additions.

With Mrs. Olivia Lademan, St. Paul's now has a husband-wife faculty "team." Mr. Peter Lademan began teaching at the College last school year. His wife joins him this year.

Mrs. Lademan is a graduate of Macleod High School and the Melbourne University (BA, 1968; Dip. Ed. 1969). She taught at St. Ambrose Regional School in Brunswick and has taught Matric Italian for three years at Prince's Hill Saturday School of Language. She is a member of the Victorian Association of Teachers of Italian. Mrs. Lademan has a spate of Junior form Latin and Italian.

Miss Helen Doherty, a resident of Footscray via Scotland, doing tertiary work at both the David Dales College, Glasgow and the Reid Kerr College, Paisley. A science specialist, Miss Doherty taught junior forms at Footscray High School for the past couple of years and is covering the same route with St. Paul's first and second forms.

The last of the new women teachers is Miss Ernie Savvides. Now a resident of Williamstown, Miss Savvides holds a teaching certificate from Footscray Technical School in Commercial Principles. Previous experience at Stott's Business College and PLC Moonee Ponds testifies to an adequate background for teaching intermediate commercial

as well as Leaving Commercial Principles and Accounting.

Although not a new teacher, having arrived in the third term, last school year, St. Paul's welcomes officially Miss Margaret Murray. After secondary school at Kilmare, Miss Murray earned certificates and degrees at Catholic Primary Training College, Malvern, and the Melbourne University (TPTC, 1958; BA, 1964; Dip. Ed. 1966). A fair few year's experience has proved invaluable. Miss Murray adequately replaced last year's departing Bro. Franklin. Then she taught English and Art. This year sees her move into the first form as one of the bulwarks in the St. Paul's experimental program, now in its second year.

Brothers Dennis Martin and Robert Resing have recently come from Dayton, Ohio, U.S.A. Brother Dennis, a native of Pittsburgh, Pennsylvania, completed his bachelor's degree in theology at the University of Dayton and has previous experience in Confraternity of Christian Doctrine teaching (the USA program of religious instruction for state schoolers). At St. Paul's he heads the religious department, teaches in-

termediate form religion and also intermediate social studies.

Convington, Kentucky is Brother Robert Resing's home. Brother has a degree in Fine Arts (BFA) having completed art work at the University of Dayton, the University of Detroit and the Dayton Art Institute. He has experience from the St. Joseph School for Exceptional Children, was chairman of the Marianist College art department in Dayton. Besides art courses at St. Paul's, Brother Resing is a homeroom teacher in the second form, the forefront of the experimental program.

Last, but hardly least of the new teachers is Mr. Peter Hynes of Williamstown. Peter attended St. Patrick's East Melbourne and St. Patrick's Ballarat. He has tertiary training at Monash and holds a diploma of teaching from Mercer House Teacher's College. Previous to St. Paul's, Peter taught at St. John's College, Darwin and Williamstown Technical School — Peter is joined by Miss Murray and Mr. Paul Buttigieg as the homeroom teachers of the first form in the experimental program.

Two overseas teachers, Mr. George Sweeney and Mr. James Yong, both mathematics teachers are due to arrive soon.

SURVEY ON WILLIAMSTOWN

A detailed survey of the Williamstown Area is to be studied by the Form 1 boys at Saint Paul's College, Altona North. In order to thoroughly discover this municipality there is a need for old newspapers, old and recent photographs, relics, documents, books etc. We would also like to hear from any citizen interested in coming to the school, to enrich our program with talks and discussions.

Those interested please contact Mr. Peter Hynes, 61 Melbourne Road, Williamstown — 397-5861 or Saint Paul's College 314-6743.

Williamstown Life Saving Club TRIUMPHANT WIN FOR SWIMMERS

At the recent Melbourne Suburban Beaches Association Carnival, held at the City Baths, Melbourne, Williamstown Swimming and Life Saving Club showed their superiority in fresh water swimming by winning easily over their opponents.

By gaining 25 first places there wasn't much left for Altona, Sandridge, South Melbourne and Middle Park life saving clubs to do, except applaud at our victory.

First placegetters were: Peter Hickey, Kerry Banks, Steven Hammett, Maree Elder, Clyde Davenport, Sylvia Lord, Shane O'Brien, Louise Davenport, John Lewer*, Jan Owen*, Barbara Carpenter*, Paul O'Brien*, Sharon Kirk, Lyn Hickey, Marcus Tyle*, Ray Tyrrell*, Leonie Burgess*, Rae McTaggart*, Sue Dowling*, Brian Tyrrell*, Peter Strachan*, Greg Lethbridge*, Lynda Ferguson*.

* These swimmers swam in the team event. All the others won one or more events.

All of these competitors will now go into the championships against the South Eastern Beaches Association, which will be held later in the season.

NEWPORT ELDERLY CITIZENS HOLD ANNUAL MEETING

On Friday last the meeting was held in the clubrooms, with a large number of members present to hear the reading of the balance sheet for 1969-70 and reports from other officials.

It was only necessary for a ballot for one office (that of the vice-president) after a close vote in a field of three.

Mrs. H. Croughan was elected senior vice-president and Mrs. J. Sherar, a newcomer to the club's office-bearers. However, it does

look as if the club has gained a good worker.

After the returning officer had declared the poll he then installed the president, Mr. George Morris in the chair, congratulated him on his third year as president and wished he and his committee good luck for 1970.

Mr. Morris then installed the respective office-bearers for 1970.

There were a number of appointments required and the following were chosen: Cupboard Mistress, Mrs. Rene Smith; Producer, Mr. Bob Carroll; Bowls Leader, Mr. Wally Meredith, assisted by Mrs. Vernon; Returning Officer, Mr. A. Edward; Auditors for 1970-71, Mr. S. K. McGregor and Mr. I. G. Crocker; Comperes, Mrs. Edie Smith, assisted by Rene Smith; Deputies, Mr. P. Ames and Mr. P. Smith.

A highlight of the meeting

was the awarding of Life Memberships for meritorious service to the club. As there were 10 members eligible the committee had an unenviable task in selecting the recipients of the awards.

After the secretary had spoken on the committee's hard task the names of the members to receive the awards were announced and they were Mr. Lindsay Lander and Mrs. Edie Smith.

Both received many congratulations on the honor they had received.

COUNCIL SAY "NO" TO P.R.A.

Although P.R.A. Pty. Ltd. will not want to lay any more pipelines in Williamstown for at least 10 years, Williamstown Council are still opposed to the proposed pipeline from the Altona refinery, through Williamstown, to Spotswood.

The Minister for Fuel and Power had written to the Council informing them of P.R.A.'s plans, and asking if they would change their attitude to the installation of the pipeline, or if they will still oppose it.

Cr. J. Byron said at the Council meeting last Monday that they had asked the Minister to find the answers to a number of questions. Firstly, if he could obtain from the company a plan of all their existing pipelines, secondly if the condition of the pipelines could be investigated, and thirdly if the lines could be consolidated in any way, so there would not be pipelines running at random through the city.

"The only answer he has come back with is that the company will not want any more pipelines for 10 years. He has not taken up the number of points we raised with him, and I feel the Council should continue to state its policy of opposition to pipelines," he said.

Cr. H. Clancy agreed that it was no answer to the questions. He said that in ten years the Council would be in the same position as they were now.

Altona Spastic Aid

The usual social evening conducted by the Altona Spastic Aid Committee will be at the Altona Youth Club Hall, Civic Parade, Altona next Friday night, February 27, at 8 p.m. Hostesses will be Mrs. J. Nicholls and Mrs. Groves.

It is not yet sure what date the following evening will be held because of the Easter holidays, but an announcement will be made later in the paper.

Hospital Fete Next Month

The Footscray and District Hospital Annual Fete on Saturday 14th March will be something really good this year.

Stalls will open earlier than last year - keen buyers can purchase from a large selection of goods at about 11 a.m. and there are extra stalls too! Remember last years popular Guinea Pig Race? That will be on again for young and old. There's the spinning wheels, merry-go-round and carnival train.

Pie and Tea stall for early shoppers - afternoon tea from 2 p.m. will be available in the Nurses Dining Room.

DOG OBEDIENCE: This display will attract all dog lovers. They will be able to see how you train your dog to be obedient.

There will be two displays by the Hobsons Bay Obedience Dog Club, the first commencing at 1.30 p.m. and the next at 2.30 p.m. Each will last about 30 minutes.

At 3.30 p.m. the Teenagers will parade their frocks under the experienced eye of Rosemary Margan of Channel 9.

Proceeds will benefit the Footscray and District Hospital.

NO LAND FOR HOSPITAL

It appears that there is no land in Williamstown which can be sold to the company that wants to build a private hospital in the city.

In December the Council had received a letter from an estate agent asking for the Council's assistance in finding suitable land on which to build the hospital.

The Town Clerk has now reported that the Council does not possess any freehold land suitable for the hospital, and as far as he is aware there is no vacant land of the dimensions required available from private sources.

Footpath And Road Appalling

A letter signed by 53 residents of William Street, Newport, has been received by Williamstown Council, drawing attention to the appalling condition of the footpath and road in William Street between Ross and Newcastle Streets.

The letter points out that there are a large number of elderly citizens using the footpath and asked that both the road and footpath be completely resurfaced.

At the Council meeting last Monday the City Engineer was asked to report to the ward members on the problem.

All Signs Needed

An investigation of all the "Stop" signs in Williamstown by the Traffic Committee has proved that all the signs are warranted.

The investigation followed a request from the Traffic Commission asking the Council to review and remove all "Stop" signs which do not conform with Traffic Commission warrants.

This was because the Commission are to ask the police for increased enforcement of the signs to ensure their maximum effect in reducing accidents.

After considering the location and effectiveness of the various "Stop" signs, the Traffic Committee is of the opinion that all the signs warrant retention.

Williamstown Historical Society

The next General Meeting of the above Society will be held on Thursday, 26th February, 1970, in the Mechanics Institute, Electra Street, Williamstown Beach, at 8 p.m.

Past President, Mr. H. A. Willian, M.B.E., V.R.D., will be the speaker for the evening. Lieut. Com. Willian will read a paper prepared and read by Commander Michael Parker on Captain James Cook at the Australia Day Ceremony held at Captain Cook's Cottage in the Fitzroy Gardens on 26th January, 1970.

This is the Bi-Centenary Year of Captain James Cook's discovery of the east coast of Australia at Point Hicks, now Cape Everard, Victoria. The aboriginals discovered Australia thousands of years ago, but it was partly Cook's description of the East Coast that made the British Government decide to make New South Wales a penal settlement and brought the white man to Australia.

Two of Cook's bronze medallions have been donated to the Society by Mr. R. Salt and mounted (to show both sides) on oak by Mr. T. Gault.

THE CURTAIN RISES

Last week we forgot to tell you that Ellis Ebell has a part in the present production at the Williamstown Little Theatre.

The people we talked about are new to us or returning after a spell away from us, but Ellis has not been away.

He has been busy playing a variety of parts which earned him the Craven Award in 1968 for the most improved performer in that season's productions.

Ellis is a member of the Social Committee and has helped with the organisation of many special functions. He is known for his ability to mix delicious fruit cup.

However, it is as Mr. Ticket Secretary that he is known to many people because he posts them their tickets for each show.

There is still time to see Ellis and the other players in "Black Comedy and White Liars". Do make your booking at Mr. S. Marr's Music Shop, or ring the Theatre from 7.30 p.m. to inquire about cancellations (phone number is 397-6705).

If you missed seeing "Rattle of a Simple Man", which was described as one of the most important productions of the theatrical season, you can still see it.

The play has been entered in the Moomba Three Act Play Festival and is being staged at the Northland Community Centre, Murray Road, Preston, on Sunday, March 1.

There is no charge for this special performance as it is part of the Moomba Festival.

Who not take a party and support your local Theatre?

BUSY WEEKEND FOR ALTONA LIFESAVERS

Saturday, Feb. 2 saw the Life Savers nightmare, a hot day with a strong north wind and dozens of rubber toys, rafts and tyres.

Although the patrol officially starts at 10.30 a.m. on Sundays, several life savers were down early.

Mr. J. Byrne and Mr. Roy Edwards were opening up the kiosk when a rubber tyre was seen floating out to sea, a good distance from the beach. It was seen through the field glasses that a small child was in the tyre and life savers David Shanahan, Heather and Kristine Harley immediately swam out to the rescue although the strong north wind was blowing the tyre further out to sea. In the meantime Jan Catanach and Ann Shanahan, together with Property Officer Roy Bailey brought out a reel and line and the rescue board.

David, Heather and Kristine succeeded in reaching the tyre and bringing it back to the beach together with a little girl of about 5 years of age who was down on the beach for the day with her parents.

Several children were brought back into shallow water while drifting out into deep water on rubber toys. In some instances the only thanks the life savers got was abuse.

One woman was brought back three times, on the last occasion the life savers had to go out on the rescue board.

No matter how many warnings are given about the danger of rubber toys etc. when a northerly wind is blowing, we apparently will always have the people who think "It won't happen to me or mine". What a good thing it is that there are still a few dedicated boys and girls who are willing to give up their Saturday afternoons, Sundays and Public Holidays in the summer to patrol our beaches in order to protect people from their own folly.

Ten first aid cases were treated during the day, two requiring stitches.

A boy was reported missing from 6 p.m. and was finally located at 8.45.

Letter To The Editor

SEAWEEED AND SAND

Sir,
This policy to conserve sand and leave rotting seaweed is utter rot. Who would want to use the sand, certainly not anyone who still has a good sense of smell.

I noticed the council started to clean the beach and were doing a good job but did not continue. Why? Surely this fine stretch of beach could have the seaweed shifted more frequently than it does. It would then be a pleasure to use.

DENIED SPEEDING

At Williamstown Court on Friday Kerry Reegan of Beevers Street, Altona North, denied having driven through Williamstown at 45 mph and he also denied that, being the holder of a probationary licence, he drove without P plates.

The speeding offence was adjourned for 12 months and he was placed on a bond of \$50 to be of good behaviour. For driving without P-plates he was fined \$10.

He said the P-plate on the front of the car had only been fastened on with string and the first time he noticed that it was missing was when the constable pointed it out to him.

Driver Fined \$80

George Macpherson, of Princes Street, Williamstown, was fined \$80 and disqualified from obtaining a driving licence for three months at Williamstown Court on Friday after he had admitted driving with a blood alcohol count of more than .05.

Const. Jenkins told the Court that after stopping Macpherson's car in Melbourne Road, he noticed his breath smelt strongly of alcohol.

At the police station a breath test was taken and this showed a blood alcohol count of .185.

Const. Jenkins told the court that he followed Reegan along Ferguson Street, Williamstown, and his speed was 45 mph.

He stopped the car and discovered that Reegan was a probationary licence holder and was still in the first 12 months of the licence.

There was no P-plate on the front of the car, but there was one at the back. Reegan told him that the plate had been stolen.

Reegan told the court that the only time he exceeded 35 mph was when he overtook another car, and then his speed was only 38mph.

LIQUOR FROM HOTEL ON SUNDAY

Licensees of the Pier Hotel, Williamstown, Mr. and Mrs. N. Latch, appeared before Williamstown Court on Friday charged with permitting the trafficking of liquor at the hotel on Sundays.

They both denied the charge, and after the case against Mr. Latch had been adjourned for 12 months and he had been placed on a bond of \$50 to be of good behaviour, the case against Mrs. Latch was withdrawn.

First Const. Wright said he was outside the hotel one Sunday when he saw a taxi drive up to the door. A woman got out of the cab, knocked on the door and had a conversation with someone inside. She then got back into the cab which went to the rear of the hotel.

He followed the cab and when he got to the back of the hotel he saw the woman carrying a carton which appeared to be heavy. He later discovered this contained five cold bottles of beer.

He went to the hotel and spoke to Mr. Latch and asked the lady if she could identify the person who had sold her the beer, but she said she could not.

Latch said he had never seen the woman before and denied having sold her any beer. He said if any beer had been sold in the hotel it had been done without his knowledge.

FAILED TO GIVE WAY

After admitting that he failed to give way to a vehicle on the right at an intersection in Newport, John Porter, of Hudson Road, Spotswood, was fined \$15 at Williamstown Court on Friday.

Const. Jenkins told the Court that he went to the scene of an accident at the intersection of Paine and Latrobe Streets, Newport.

Porter said he had driven along Paine Street and there had been no oncoming vehicles in Latrobe Street when he entered the intersection and then suddenly a motor cycle appeared on his right.

He told the Court that the cycle had approached at a high speed and it was too late for him to do anything to avoid a collision.

DID NOT GIVE NAME

For failing to give his name and address after an accident, Ronald McCulloch, of Abbeygate Street, Newport, was fined \$18 at Williamstown Court on Friday.

Const. Lane said when interviewed at his home, McCulloch admitted being the driver of a car which had been involved in an accident in Newport. He said he had stopped after the accident, spoken to the driver of the other car, who had not given his name and address, and had then driven away.

Williamstown High School

Have you booked your table for the bottle and basket dinner dance to be held on 13th March? If not, it would be advisable to get in touch with the Ticket Secretary, Mrs. M. Bithell, 391-3657, as soon as possible as these functions are always popular and accommodation at the Masonic Hall is limited.

The dance is to have a "Jinx Night" theme and this should make it a real fun affair. Tickets are \$1.20 a single.

On Sunday, March 8 the Williamstown Little Theatre have generously offered to put on a special performance of their current production "Black Comedy and White Liars", proceeds of which will benefit the High School.

Tickets are \$2.50 each, including a Chicken and Champagne supper. Bookings from Marr's Music Shop, Ferguson Street, Williamstown.

A paper drive will be held next Saturday morning, February 28. Papers may be left at the Drill Hall from 9 a.m. onwards.

Melb. pop groups still controlled by monopoly and: POOR AMATEUR MUSICIANS DRAG SCENE DOWN

By RON COLEMAN

Things have never looked brighter on the Australian pop scene and yet one thing really bothers me.

There has been a big increase in the amount of struggling amateur pop groups who will play at dances for nothing to promote their act. These groups are dragging the scene down because they are putting professional groups out of work and making easy money for "get rich quick" dance promoters.

Discotheque and dance promoters can rub their hands with glee because they all have mile-long lists of hopeful newcomers just waiting to audition at their dance. And why should they pay for groups when they can get second rate to do the job for nothing? The disco promoter is now able to book one expensive act for half an hour (which is usually given a bigger build up than it is worth) to attract plenty of people. The rest of the entertainment is provided free by young musicians who waste their time and petrol. Because in order to keep his overhead low the promoter will tell the auditioning groups that they are not "quite what he wanted".

Conscience? You're joking of course. Mr. Big does not have time to let his conscience bother him because he is too busy making money by exploiting the pop scene and his young patrons. He will always bill his feature group and if he is extra generous the guest gets a billing too. If not they are billed as "Guest Artists".

Some of you may think I am being harsh on the poor old disco promoters, but do not be fooled. Some professional pop groups in Melbourne have been paid \$25 for a performance. And this is outrageous when one considers the cost involved every time a group takes to the road. Let's start with the instruments. If a group has not got between \$3,000 and \$4,000 worth of equipment it is not in the running. And a van is essential to cart all this debris from dance to disco.

But this is only the start because every group needs decent clothes to wear on stage and most groups (even top ones) spend money and time travelling to practice during the week. Not all dances have their own PA system either (they think that naturally the group can afford one). So you can see that if a group splits \$25 for a performance today, they have played purely for the fun of it.

However, the dance promoters are not always to blame because they arrange many of their bookings through agencies. The agency manager will then offer some small time group a fee which is usually only a percentage of what his agency is being paid for the booking. And then the group may have to wait nearly a fortnight for its pay. This is no good at all when the guys may have travelled 100 miles for a country booking.

There have been a number of instances where groups have not been paid by crooked agents and this goes for top groups as well.

UNION IS REQUIRED

At the moment the only answer seems to be a union for pop groups. I am aware that there is already a Musician's Union in Australia but this really only applicable to hotel groups that play at one place all night.

With pop groups, the trend is to play guest spots or one hour brackets at three different places in one night. So a special system is required for stabilising prices for a bracket. In many ways this would not be practical because different groups have various degrees of appeal to a particular audience. And in Melbourne some groups can command \$240 for a half hour appearance whereas a part-time group might be lucky to make \$20.

But it would be a lot more satisfying to many of these younger groups if a minimum price of \$30 to \$40 a bracket was fixed as the appearance fee. And if the promoters want an audition why can't they hold the audition in an empty hall instead of making money at the group's expense. Because if a promoter is any good he should be able to tell on first hearing whether a group will have appeal.

At the moment the same old groups are making the same money purling on their names. I am a great fan of Max Merritt's but I agree with Stan Rofe who says the group has gone stale. I don't think they are stale because they play the same old numbers. I think they are stale because they are just content to play and get their money. They do not put anything into their act anymore and after seeing Doug Parkinson at a dance in Surfers last week I just cannot see how he rakes the money in. His group was just a complete flop compared to the other acts that night.

So let's have some changes on the Australian pop scene this year. We need more honest managers, another two agencies to compete with the big two in Melbourne and above all people who are willing to work hard and talk straight.

And to all struggling new groups! "Please don't play for nothing".

RONNIE HAWKINS A NEW SENSATION?

Last year it was Johnny Winters. This year everybody is starting to talk about a guy called Ronnie Hawkins. Ronnie who lives in Canada, is former member of the Band and has been a musician for over 18 years. Up till now he has always been behind the scenes (like Glen Campbell was) but very shortly everyone will know his music because John Lennon is pushing him.

Ronnie made a brief visit to Australia a fortnight ago with Ritchie Yorke the Brisbane journalist who is now one of the Beatles' top public relations men. Whilst in Australia, Ronnie bumped into his old friend Roy Orbison. It's taken him a long time but at 35 years of age Ronnie Hawkins could be the star of 1970.

PARKINSON FLOPS AT SURFERS

Saw Doug Parkinson perform at Skyline in Surfers Paradise during the long weekend and he did not impress me or the crowd.

Admittedly the group arrived just in time for the last bracket and most people were full of beer but I think the whole performance was well below the standard one would expect from a top Australian group.

And I am still wondering what made Mick Rodgers join a group that puts him so far in the background. Most of the young swingers at Skyline were of the opinion that Doug and the boys were "just another group". I think the time has come when groups should change their disco acts completely and not just stomp on stage, turn the amps up full blast and drown their singers.

BRISBANE SCENE

Colleen Hewitt (ex Laurie Allen Revue) and Tony Wolsley are both making regular appearances at the Lands Office Hotel.

Seems to me that there is more than one group called Sounds of Seven.

Mick Hadley (ex Purple Hearts) married his childhood sweetheart recently.

Look out for a swinging Brisbane duo called the Sovereigns.

Doug Parkinson is touring up here at the moment playing at places like Quentins, Swinger and Skyline.

Also working the coast are Danny Finley and Col Joye.

Poor old Jim Keays (Masters Apprentices) got quite a bashing in a shop at Surfers recently.

IN ADELAIDE

Peter Tilbrook (ex Masters Apprentices) has scrapped his duo act and will go solo.

Levi Smith's Clefs and the Graduate are touring.

Adelaide group the Inkase are putting down an LP featuring originals by Bob Gardiner of the Haris.

A group to watch is Farrenheit 451.

More and more Melbourne groups continue to flood the Adelaide scene.

Meanwhile Adelaide continues to churn out more groups like the Society, Red Angel Panic and Brent Hall and Paper Sun.

But what happened to Hugo?

Sydney group, Heart and Soul visiting the City of Churches with a nine man line-up.

IN GENERAL

Stevie Wright (ex Easybeats) now manages a group called Hot Cottage. This group came up to Brisbane for a brief tour and the money was so bad that they are all broke at the moment.

Girl's the Iguana have broken up and so have the Rebels. Believe little Gary of the Iguana was last seen doing the chef's job at Bertie's.

Very shortly Russell Morris Ronnie Charles and Ronnie Burns will all be overseas. I predict that the only one who makes it will be Ronnie Charles.

Is little Lynne Randall really married?

Have Clack clicked yet? They were seen at Sunshine Drive-In recently.

What will Lionel do next?

Rolf Harris is still topping the charts in Britain with his "Two Little Boys".

Ambo is spreading to Brisbane.

Masters Apprentices probably the most booked group in Australia.

Normie still not doing much in particular.

Axiom head overseas in April.

One film I cannot recommend is "Candy" starring Richard Burton and Ringo Starr.

Have you been to the flea market in King's Cross yet?

GOSSIP

Punchy Paul has acquired a few tats.

The Altona guys having a swinging time lately.

Bluey felt rather sore last Sunday.

Karen hates Mick Fox.

Col wants it known that he is not drinking at all these days.

Bibby is still a connoisseur, a gourmet and he likes to eat at Sarti's.

Cyril owns a horse called Whisky.

John is very fond of Philip's sister.

Brian Gardner caught the Altona train to Newport recently.

Robyn and Judy from Kerang send their regards.

Dennis was last seen doing aerobatics with one hand on a carburettor.

Bill only wants a Dodge Phoenix for Christmas.

Clack want to run a dance in Altona in the near future.

John is not too bad at snooker but how will he go on a full sized table?

Garry has settled for a Monaro.

Vic. Pateras is stunning everyone with the "in" head-gear he has been wearing lately. Would you believe a tri-coloured cap?

And Thomo has the latest of wrist bands from the Cross.

Have you all seen Altona's answer to Gerry Gee?

Amateur Photographers

Thinking about buying a camera? Then join a camera club before you get involved with equipment!

People in clubs have all types of equipment and only through discussion with various members do you learn the advantages or disadvantages of certain cameras, depending on the type of photography in which you are interested.

Mr. X may like a Pentax, Mrs. Y may like her Topcon, but you may want a Ricor or even a Kodak Instamatic. Mr. A will be able to say why he changed from Instamatic to a Canon — Mr. A doesn't want to enter competitions — he is merely interested in improving his ability to use a camera, and get better pictures to show his friends.

Not all members enter competitions. Some send in entries just to get judges comments. Some come along to listen and learn from lectures and comments on other members' work.

Snake In Bedroom

There is no doubt that something should be done about snakes at Laverton.

The creek at the rear of Elm Street seems to have all the conditions for a breeding ground for these creatures.

Mr. Don Bowler, of Elm Street, has had two experiences.

Two months ago he killed a snake outside his home. On Sunday his son Paul, aged 10, called out "snake, snake" and it was not a false alarm. It was a snake crawling under the wardrobe in the bedroom. It too was killed.

Licence Was Not His

While driving home his friend, who was too drunk to drive, Leonard Johnson, of Douglas Parade, Williamstown, was stopped by the police. Because he did not have a driving licence, he picked up his friend's licence and claimed it was his.

At Williamstown Court Friday he admitted fraudulently using a driving licence giving a false name and address to the police and driving without a driving licence. He was fined a total of \$160.

Stanley Bridgmond, of Melbourne Road, Williamstown, was fined \$40 after he had admitted permitting an unlicensed person to drive his car.

Const. Merrett told the Court that he stopped a car

in Melbourne Road and asked the driver, Johnson, to produce his driving licence. Johnson handed him a licence in the name of Stanley Bridgmond and said it was his licence and that was his name.

Eventually he admitted that the licence belonged to one of the passengers, Bridgmond, and that he himself did not have a licence. He said Bridgmond was too drunk to drive and he was taking him home.

Dumped Rubbish

George Knight, of Coventry Street, South Melbourne, was fined \$100 at Williamstown Court on Friday for depositing rubbish on the Altona Sports Ground.

Mr. Robert Hind, of Altona City Council, said on January 21 he went to the sports ground and saw Knight taking batteries out of his car. He was removing the lead from the batteries and then left the cases on the ground when he went away.

Johnson told the Court that when the police stopped the car he picked up Bridgmond's licence off the dashboard. Bridgmond said he could not remember much of what happened that night because he was drunk.

1,500 METRES RECORDS SMASHED IN WILLIAMSTOWN TO HOLD PUBLIC MEETING

ALTONA LITTLE ATHLETICS MEET ON WEDNESDAY, MARCH 11th

Last Saturday's interclub competition was highlighted by brilliant efforts in both the Under 11 and Under 12 1,500 metre events.

R. Nash, of Altona North, recorded a time of 5 mins., 13 secs. to better his time in the recently concluded Centre championships by 17 seconds, while R. Whiffin, competing for the Altona Club, ran an equally brilliant time of 5 mins., 9.3 seconds, slashing 19 seconds from the Centre championship time made the previous week.

Both boys spreadeagled their respective fields, crossing the line to the plaudits of a large crowd, and the acclamation of their fellow club members.

Other performances for particular mention:

CHURCH CRICKET

The last home and away round in Western Suburbs Protestant Churches Cricket Association was commenced last Saturday.

With the final four already settled in B and C Grades, the interest centres around the top A Grade, where three matches have a direct bearing on the composition of the finals participants.

At this stage Barkly St. Methodists seem certain of a win over Seddon-Yarraville Congs., and both Paisley St. Baptists and Newport Methodists are engaged in interesting struggles with their opponents, Tottenham Baptists and Kingsville Baptists, respectively.

If any of these three teams loses, it will also miss out on a place in the finals.

If all win, the third and fourth place will be decided on percentages.

Junior Under 16 Grades commenced their semi-finals, and in North Section likely winners at this time are Yarraville Baptists over Barkly St. Methodists and All Saints over Kingsville Baptists, whilst in South Section winners could be Altona Presbyterians over St. Eanswythe's and the other match between Electra St. Methodists No. 1 and St. Andrew's could go either way.

The Under 12 Section now enters the semi-finals next Saturday with matches to be played between St. Stephen's and Kingsville Baptists and Electra St. Methodists and Laverton Youth Club, both at Gray Reserve, Williamstown. With hard and dry grounds now prevailing, most teams scored fairly heavily in senior grades on Saturday with many scores around the 200 mark.

Scores of the day's play are as follows:

A GRADE

Kingsville Baptists, 180 (J. Anderson 58, W. Anderson 50, Viney 4-74, Webb 4-36) have

the runs on the board against Newport Methodists, 1-13.

Williamstown Congs., 2-24 (Page 17 n.o.) will have a close finish with Yarraville Baptists, 83 (McKenzie 46, G. Norris 19, I. Young 3-15, Hogg 4-18).

Geelong Train to Make More Stops

From this week the 5.12 p.m. Geelong to Melbourne passenger train, "The Flier," will stop at Werribee, Laverton and Newport stations on Mondays to Fridays.

Announcing this, the Victorian Railways Commissioners said today that the additional stops had been made at the request of the Education Department to give transport to 41 student teachers who lived in the three areas and who were attending Geelong Teachers College.

The Commissioners considered that the additional stops could also benefit other travellers, particularly those from the growing towns of

Those stalwarts who always carry their cameras with them were well rewarded last Friday night when the Altona Camera Club had a most charming model in "Robyn," who posed while the shutters clicked all round her.

The results of this will be seen shortly at the club-rooms.

What a glorious day Sunday was for the picnic by bus to the Healesville wild life sanctuary. This again gave members a wonderful chance to get either black and white or colour slides.

Members could be seen stalking the various birds and wild life in the bush setting for that once in a life time shot.

This Friday is judging night for this month's open competition and the results in both black and white and colour slides will be announced. Details for the March competition which has an "action" theme will be given.

The Altona Camera Club meets every Friday of the month (except the first) at the Homestead, Queen St., Altona, at 7.30 p.m. Ring the club president, Mr. J. Merrills, at 398-1937, for further details.

Werribee and Laverton.

Leaving Geelong at 5.12 p.m. the train would reach Werribee at 5.41 p.m. and Laverton at 5.52 p.m. At Newport, the train would stop at 6.5 p.m. only to allow passengers to alight.

The train would reach Spencer Street at 6.20 p.m. and terminate at Flinders Street at 6.26 p.m., nine minutes later than the schedule that operated before.

ALTONA SQUARE DANCE

Thursday night is always a most popular one at the Altona Youth Hall where the square dancers get into full swing.

It is most rewarding to see so many newcomers coming along and showing so much interest.

Welcomed back after their annual vacation spent at the Gold Coast were Mary and Eric Milner and daughter Barbara, who, while away visited square dances in Brisbane, renewing friendships made at the Melbourne Convention last year.

The Victorian Square Dance Association held its meeting last Sunday and local Fred Armitage was elected public relations officer.

The Altona Square Dance is held every Thursday night in the Youth Hall in Civic Parade. Dancing is to the calling of David Hooper from 8 till 11.15 p.m. Ring 398-2708 for further details.

ALTONA CITY FOOTBALL CLUB HOLD ANNUAL MEETING

The second annual meeting of the Altona City Football Club was held at Grant Reserve on Wednesday, February 11.

The meeting was well attended by a large number of players. However, as the newly adopted constitution called for each of the club's three teams to be run by a separate sub-committee a large number of administrative positions are required and it is hoped that these may be filled by non playing supporters.

As there were comparatively few non players in attendance it was decided to only elect the three principal office bearers as required by the League and that all the remaining positions were held over until the annual meeting which was adjourned and resumes on March 15.

The three positions elected were Mr. H. W. Lee, J.P., President Mr. N. Drew, Secretary, and Mr. R. Buckingham, Treasurer.

It was decided to enter three teams, the same as last season, in the Western ed were Mr. H. W. Lee,

Training is to commence immediately on Tuesdays and Thursdays for all players under last season's coaches until the coaches are appointed for 1970.

WILLIAMSTOWN ARE 2-38 CHASING CAMBERWELL'S SCORE OF 175

In a match vital for its prospects to stay in the four, the Seagulls, at home, did reasonably well to dismiss the recognised strong Camberwell batting line-up for 175. In losing 2 for 38 at stumps Town will need a concentrated effort this Saturday to ensure a win.

Opposing captain Bill Goodenough had no hesitation in electing to bat after he had won the toss.

He opened with veteran lal-rounder John Brich and together they began to lay the foundation to a solid score.

After the combined efforts of Peter Bowyer, Ray Salter and Tommy Seal had failed to dislodge either opener, Don McKenzie was brought in to the attack and was successful in his first over.

He bowled Goodenough for 19 with his sixth delivery of his opening over which was also a maiden.

Even more spectacular success was to follow in his next over. Aided by two brilliant catches by keeper Doug "Hoot" Gibson, "Macca" got rid of Brich for a sound 37 and removed hard-hitting David Morrison for 2.

Town's opponents had slumped to 3 for 59 and when the Wells were 5 for 87 Town had taken a strong grip on the game.

A sixth wicket stand lasted to tea with Coles retiring at that stage because of an important engagement.

With steady batting Camberwell increased its tea time score of 120 to the respectable total of 175.

Chief cause of the opposition reaching this tally was Walter Evans who was playing in his second game for Camberwell's First XI.

Although some shots were edgy he nevertheless batted soundly for his unbeaten 57.

Don McKenzie with 4 for 44 off 14 overs and Ray Salter 3-45 off 16 overs performed best for Town's attack.

Doug Gibson was back to his earlier brilliant season's form and besides accounting for three victims he allowed no byes.

At stumps Eown had lost 2 for 38 with Peter Hayward and Fergie Stewart the dismissed batsmen.

The team's top bats, Barry McConnell, 21, and "Dizzy" Dyson, 0, are still there and Town's hopes will be enhanced if they get a good start when the innings is resumed.

WILLIAMSTOWN SECOND XI

Camberwell won the toss and elected to bat at Camberwell. The wicket proved very fast early enabling the batsmen to play their shots with confidence and also giving some life to the pace bowling of Thoms and Miller.

After being 1-28 Camberwell collapsed due to tight bowling and fielding to be 6-53.

Keith Miller again had the most outstanding performance capturing 7 wickets.

Eventually, Camberwell were out shortly after tea for 113 runs — an excellent bowling performance by Williamstown.

Ian McLeod opened the Williamstown innings with K. Miller and these two had an opening partnership of 83 in quick time. Their batting enabled Williamstown to pass Camberwell's score on the first day and so giving the Seagulls six more points at least.

CLUB XI

Newport's bowlers found the Gellibrand batsmen in a big hitting mood at the Hat Reserve on Saturday.

Twenty times the ball reached the boundary and on nine occasions the "cherry" was hit clean over the flags as they rattled up 174 runs in smart time.

Successful bowlers were Arch Lloyd, 2-40, N. Apostolides 1-10, R. Carrington 1-5 and Alan Redshaw again bowling well with 5 for 61.

One Mile Handicap. — 1st, G. Salter, scr.; 2nd, T. Reynolds, 20 yds.; 3rd, M. Reynolds, 340 yds.

ALTONA WIN WELL IN ONE-DAY MATCH

Altona First XI met a combined Werribee XI last Sunday in a one-day match at Grant Reserve and the home team gained an impressive victory.

Werribee batted first and things looked bright for Altona when Michael accepted a chance at backward square leg off the bowling of Dare. Brothers T. and M. Boyes were now together and these two caused the bowlers some trouble before Dare broke through and bowled M. Boyes for 20.

Terry Gray, who opened the bowling with Dare, had rapped both of these batsmen on the pads several times only to have his confident appeal turned down on each occasion.

Lang was the new batsman but after only a short stay at the crease he was bowled by Dare for 3.

Jim Page was brought into the attack and Altona was getting on top as Page captured two wickets. However, the situation was retrieved for the visitors by some hard hitting by Comben and local lad Michael Oram.

Finally, the Werribee innings closed at 7 for 135 after 28 overs. This total would have been much less if several chances had been accepted by Altona in the field.

Ray Duckett and Garde opened the innings for Altona, but Garde did not last long before playing a poor shot to be caught in slips for 16.

Cooney went in and some tight bowling slowed the run rate down.

Comben relieved Kennedy and was successful in his first over in trapping Duckett in front for a well-made 28.

Dellar joined Cooney at the wicket and the bowling was still tight as Cooney was bowled for a good 27.

With Page and Dellar now together runs were coming slowly and at one stage Altona seemed to be in trouble, needing 48 runs from 6 overs for victory.

However, Page now had

his eye in and Jarrett conceded 23 runs from one over and the match was virtually over.

Page and Dellar raced the score past the Werribee total before Dellar was bowled for 21 valuable runs.

Page, attempting another big hit, was out bowled for a match-winning 44 runs which included 5 fours and 2 towering sixes over mid-wicket.

The match was enjoyed by all and it is hoped that the Altona batsmen can improve on the glimpses of form shown in this match as the finals are not far away. They should improve if they can go on with the job once they have got their eye in.

THRILLING FINISH FOR A TIE
In the return inter-association game against Werribee-Laverton the Altona boys played a tie.

Werribee-Laverton batted first and made 52 then Altona were 9 for 46 when J. Leigh came in. John made 6 runs to level the scores but then was bowled leaving Altona also on 52. Scores:
Laverton-Werribee, 52 (J. Leigh 5-18, A. Wilson 3-6, A. Millar 1-7, O'Sullivan 1-1) and 9 for 56 (Leigh 3-11, Parkin 3-12, A. Wilson 1-6, Howard 1-0) tied with Altona, 52 (P. Mildenhall 15, A. Wilson 9).

CENTURY TO P. MILDENHALL
Playing for Altona in the semi-final against Westona, Peter Mildenhall scored a brilliant 102 retired. This was the first century this season in the Under 14 competition.

Altona proved far too strong for Westona although helped by a fine 62 by G. Wilton. Westona did much better in their second innings.

Altona High defeated the Combined Churches in the other semi-final and will meet Altona in the grand final.

Sarros caused early trouble to Churches' batsmen taking the first 3 wickets, then Stringer took 6 for 5 to complete the route. Results:
Altona High, 6 for 120 (Nicholls 31, Hobbs 18, Sarros 16 n.o., Ralph 14 n.o., Parkin 10, Martin 3-12) defeated Combined Churches, 31 (Sarros 3-11, Stringer 6-5).
